New Job -

- A job using **all the new tech**

- Eager to learn

- Pick Me, I can do it!
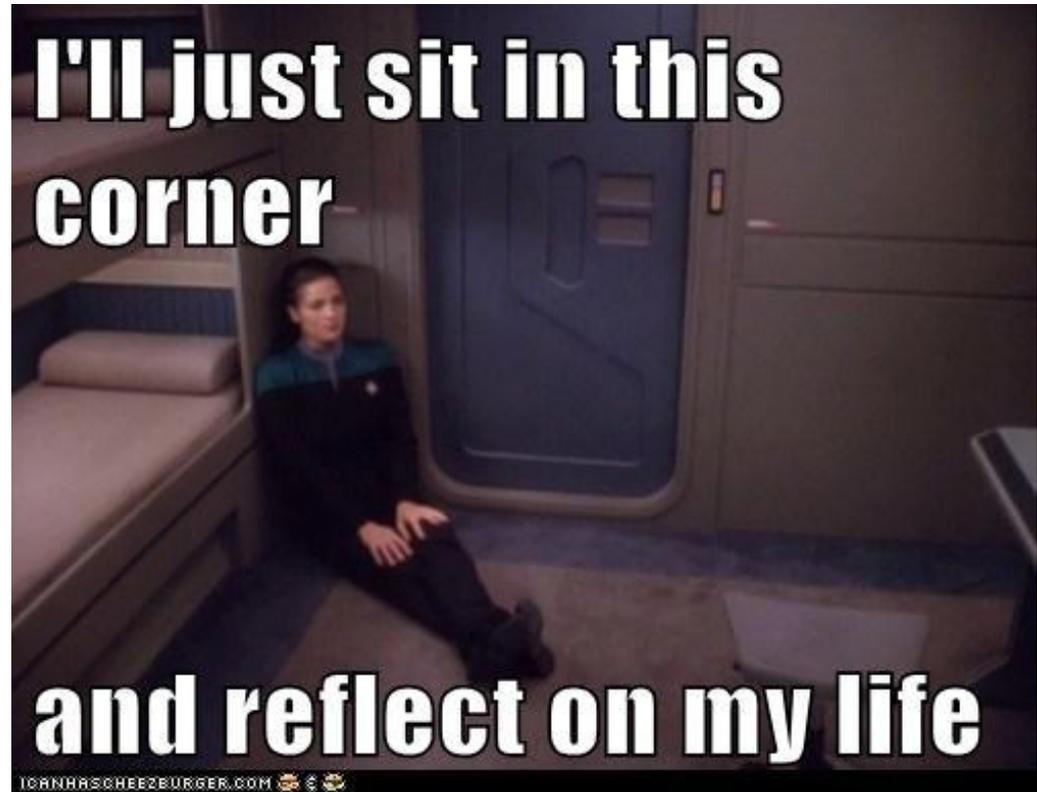

Create my own company

Company Culture

- ✓ No dumb questions

- ✓ Knowledge Sharing

- ✓ No dumb questions

- ✓ Hire the right people – not necessarily the smartest

- ✓ Everyone needs to be approachable

My Responsibility

- Don't let someone leave the company without something to add to their C.V.

    ✓ Certifications

    ✓ Input into large projects at every stage

    ✓ Ownership of a piece of functionality

If I could go back..

- You have now learnt how to learn..

- The more you know, the more you know you don't know.. **Keep going**!

- If you enjoy something, become very good at it. Read the books, do projects

- Look for a company interested in improving you.

- Try and find a mentor.

- Don't make a website for your uncle

Contact

- We hope to hire someone here for placement

- We have from 4 out of the past 5 groups

- 5 out of 8 of our developers are from the course

- Find and connect with me on LinkedIn. We randomly hire new people

Happy to meet for a coffee if anyone has questions.
